

Bridge IT Hardware & Software Solutions

Enterprise-Grade Tech. Simplified Management.

Core Solutions

 Struggling with outdated tech? Bridge IT delivers tailored hardware/software stacks with white-glove deployment and lifecycle management.

Why Our Solutions Win

- ✓ Optimized Workstations – Precision-configured for your workflows
- ✓ OEM Partnerships – Direct pricing from Dell/HP/Lenovo
- ✓ License Management – Never overpay for software again
- ✓ Green IT Options – Energy efficient & recyclable hardware
- ✓ Single-Point Support – One call fixes all tech issues

 "We don't sell boxes - we deliver productivity."

Enterprise Hardware

- Workstations & mobile engineering rigs
- Server clusters & storage arrays
- Peripherals & meeting room tech

Managed Deployment

- Whiteglove installation & cabling
- Automated imaging & provisioning
- Asset tagging & inventory management

Software Ecosystem

- Volume licensing (Microsoft/Adobe/AutoCAD)
- SaaS management & optimization
- Legacy software modernization

Lifecycle Services

- Hardware refresh planning
- Secure data migration
- Eco-friendly disposal

The Bridge IT Advantage

- Cost Predictability – Lease/buy/flexible plans
- 90 Day Warranty – On all deployed equipment
- Zero Touch Deployment – Ready to work out of box
- CIO Advisory – Strategic tech roadmaps
