

Jessica H

IT Project Manager | Digital Transformation Leader

Project Excellence

Seasoned IT PM specializing in end-to-end technology implementations that deliver business value. Masters the balance between technical execution and stakeholder alignment.

Core Competencies

- ✓  Timeline Architecture - Realistic roadmaps with buffer planning
- ✓  Agile/Waterfall Hybrid - Methodology flexibility
- ✓  Cross-Functional Leadership - Bridging tech teams & business units
- ✓  Risk Mitigation - Proactive issue anticipation
- ✓  Progress Visualization - Clear stakeholder reporting

Delivery Differentiators

- ◇  ROI-Focused - Projects completed 15-25% under budget
- ◇  Deadline Integrity - 92% on-time delivery rate
- ◇  Change Management - Smooth organizational adoption
- ◇  Documentation - Audit-ready project artifacts

Technical Domains

- Cloud Migrations (AWS/Azure)
- ERP/CRM Implementations
- Infrastructure Upgrades
- Security Rollouts
- Digital Workplace Deployments

Notable Achievements

- Led \$2M Azure migration completing 3 weeks early
- Reduced project documentation time by 40% via templates
- Maintained 100% compliance across 12 regulatory projects

Leadership Philosophy

"Exceptional project management is the art of making complex deliveries feel simple. I orchestrate the chaos so you only see the results."
